SUN PHARMA

SnapShot

Particular	Details
Founded	1983
Founder	Dilip Shanghvi
Headquarters	Mumbai
Market Cap	₹4.5 Lakh Cr
FY26 Revenue	₹58,462 Cr
PAT	₹11,565 Cr
Employees	47,000+
Countries	100+
Manufacturing Sites	40

- India's largest pharma company and 13th largest generics player in the US market.
- It runs two businesses side by side: traditional Generics (off-patent drug copies) and a faster-growing Innovative Medicines arm (patented drugs).
- Backward-integrated into API manufacturing (400+ APIs) – gives cost control and supply security.
- Grows both organically (own R&D) and via acquisitions/licensing – **Taro, Ranbaxy, Concert Pharma, Checkpoint Therapeutics**, and the recently announced **Organon** deal are key examples.
- 40 manufacturing plants
- 47,000 employees globally
- India: #1 by market share (8.4%) and by prescriptions across 11 specialist categories.
- US: 2nd largest market, own commercial infrastructure
- Emerging Markets in 80+ countries

COMPARABLE COMPANIES

Sun Pharma operates as a diversified global pharmaceutical company .Therefore, the peer companies selected for this analysis are those that closely resemble Sun Pharma in terms of operational scale, product offerings, financial performance, and international presence. This ensures that the comparison is both meaningful and relevant for valuation.

Company	Industry	Business Model	Company Size (FY26)	Growth & Profitability (FY26)	Geography	Selection Rationale
Dr. Reddy's Laboratories	Diversified Pharmaceuticals	Branded generics, specialty medicines, biosimilars & APIs	Revenue: ₹33,700 Cr Market Cap: ₹1.3 – 1.5 Lakh Cr	EBITDA Margin: ~31% - Strong growth driven by US generics and specialty medicines	 India, US, Europe & Emerging Markets	- Most comparable peer due to similar diversified business model. - Strong US presence and specialty portfolio. - Operations in 100+ countries.
Cipla	Diversified Pharmaceuticals	Branded formulations, generics & specialty medicines	Revenue: ₹29,000 Cr Market Cap: ₹1.4 – 1.6 Lakh Cr	EBITDA Margin: ~26% - Consistent profitability supported by respiratory leadership and exports	 India, South Africa, US & Europe	- Diversified therapeutic portfolio with strong domestic market share. - Significant export presence in emerging and developed markets. - Consistent financial performance.
Lupin	Diversified Pharmaceuticals	Branded generics, complex generics & specialty medicines	Revenue: ₹23,000 Cr Market Cap: ₹80,000 – 1 Lakh Cr	EBITDA Margin: ~23% - Improving margins through specialty products and operational efficiency	 India, US, Japan & Europe	- Similar focus on chronic therapies and complex generics. - Significant revenue from regulated markets such as US and Japan. - Diversified global footprint.
Aurobindo Pharma	Diversified Pharmaceuticals	Generics, APIs, injectables & formulations	Revenue: ₹34,000 Cr Market Cap: ₹90,000 – 1.1 Lakh Cr	EBITDA Margin: ~22% - Stable profitability supported by vertically integrated operations	 US, Europe, India & Emerging Markets	- Vertically integrated API business and strong manufacturing scale. - High export contribution (>70% revenue from international markets). - Comparable business mix.
Zydus Lifesciences	Diversified Pharmaceuticals	Generics, biosimilars, vaccines & specialty medicines	Revenue: ₹24,000 Cr Market Cap: ₹95,000 – 1.1 Lakh Cr	EBITDA Margin: ~26% - Innovation-driven growth supported by R&D investments	 India, US, Europe & Latin America	- Diversified portfolio including biosimilars and specialty products. - Strong R&D capabilities and innovation focus. - Expanding presence in regulated markets.

Note: Financial figures are for FY26 (March 2026) based on latest annual reports and investor presentations.
